WE ARE NETTL

Andweareabsolutelythrilled-to-bits to make your acquaintance

Looking for someone local to help launch your new website project? To make the most of your marketing budget? For someone who doesn't speak jargon at you? A designer, printer or website maker?

Yay! You found us! How did you get to be sooo lucky?

We're real ladies and gentlemen who work with businesses like yours. And we're in your neighborhood.

We're your secret weapon.

We've helped tens of thousands of businesses promote themselves better online and offline

We want your business to grow. Nothing's more important to us. Think of us as your marketing department, your brand stylists and your technology team.

We're local because we know that helps us understand your business. Our Nettl studios make websites, ecommerce shops and help businesses like yours with branding, exhibitions and printing.

We will keep things simple and we will keep our promises. We will treat you with respect and we won't bamboozle you with jargon.

Let's start talking about your next project.

WHICH WAY DO YOU nettl?

nettl:one

Our most popular site – a mobile, tablet-friendly and desktop-optimised site all in one. Great if you want an online brochure, portfolio or team profile.

Since your Nettl:one site is modular, we can upgrade to Nettl:connect or Nettl:commerce later.

Let's find your fast path

We don't believe 'one size fits all'. Every business is different... and so is every website we create.

Our sites are built to last. They can grow as your business grows. You don't want to find your site is redundant next month just because you need to add a new feature.

Our modular approach means we get you online quickly with our proven paths and then upgrade your site in a structured way when you're ready.

It's useful if you know where you want to go - that helps

us pick the right platform at the start. But you don't need to do everything at once. We find it's best to continuously develop your site, deploying small changes, frequently.

See our usual starting points on the right...

nettl:connect

Want to transact with clients online?
Perhaps adding online booking, live
appointments or room reservations?
Nettl:connect adds these online
elements to help you interact with new
and existing clients the way they want to.

nettl:commerce

Maybe you want to sell online?

A NETTL: COMMERCE site typically puts your product catalogue online and lets customers buy and pay online. You'll get a back-office to manage orders and we'll integrate it with your accounting system.

Talk to us and we'll help you find the right path

Easy to edit

Your NETTL: ONE website has a built-in content management system. Easily edit text and update

nettl:one for beautiful websites

Amobile, tablet friendly and responsive website, all in one

Your website is your shop window to the world. It's an essential element of your brand identity and provides a vital opportunity to create the right impression before customers have even spoken to you.

Our popular **Nettl:one** websites are 'responsive' – their 'liquid layout' adapts and reflows to suit any device. With more than half of visitors now browsing on their phone, a responsive mobile-friendly website will maximise the chances of engagement from potential clients.

We specialise in building creative, beautiful, functional websites to take your business to the next level. We're ready to build your next website and we're here to help keep it fresh and continue performing.

Search engine ready

Every Nettl:one site is search-engine-ready as standard. Moving up search engine rankings needs consistency, skill and effort. Talk to us

Built to scale

NETTL :ONE is built on strong foundations.

Our modular approach means we can scale your site and add functionality when you're ready.

Online bookings

Integrated with your telephone booking system.

ASPOINTMENTS SOON

Appointments

Show availability so customers can book online.

nettl:connect

for the service industry

Add online tools to transact with your existing customers and interact with new clients

If you're in the service industry, these days your clients expect to be able to interact with you online in the same way they buy a cinema ticket or book an airline seat.

Nettl:connect adds the online elements to your website to connect your business to your clients. Whether it's online bookings, reservations or making appointments, we make it easy for you and easier for your customers.

Reservations

Online reservations synced with your offline system.

Reviews

Ask for feedback and publish reviews.

No hassle admin

A NETTL: CONNECT site gives you an online application to manage, edit and cancel

System integration

Got an existing booking or reservation system? Talk to us about integrating it with your website.

nettl:commerce for online retailers

Our ecommerce systems help you sell online and integrate with your store or EPOS system

Navigating ecommerce can be tricky and expensive. Get it right and the rewards can be enormous. Get it wrong and you can blow a fortune.

The fastest route – chosen by lots of businesses – is to start from an existing ecommerce platform, customize it and extend it for your needs. That's a proven path and will get you trading online in a fraction of the time, for a fraction of the cost.

Choosing the right platform is critical. To help us find the right one for you, we'll need to understand what else you're doing. What accounting package do you use? Does your site need to connect with an in-store EPOS system? Which courier do you ship products with?

Talk to us about your plans and we'll put together a proposal.

•

Low fixed pricing

Thousands of options are already priced.

Choose your options and get an instant price.

HD reproduction

We print your order in Hi-Definition meaning that text is razor-sharp and photos have eye-popping clarity.

We won't let you down

We despatch 99.9% of orders on time or early.

nettl:print

Psst. Want to know a secret? We have something we need to tell you...

Your local Nettl studio is connected to some of the most sophisticated printing hubs in the US.

We know print remains a large part of the marketing mix for many businesses. There's nothing like a physically-produced brochure to persuade and influence potential clients. And we know that some agencies charge a fortune for managing small ad-hoc orders.

With Nettl, you get access to thousands of low-cost deals across a massive range of print. From business cards to booklets. From flyers to folders – all fixed price and backed by an industry-leading service level agreement. Ask for our free, gorgeous samples and see how we can enhance your online promotion, offline.

nettl:brand

Our brand stylists and designers will enhance your identity to take your business to the next level

Great design needn't cost the earth.

But bad design costs more than you might think.

Our graphic designers and brand stylists work on hundreds of projects every year for local businesses. We design elegant stationery and powerful promotional material. From a business card to a brochure. From a little logo, right through to a full brand identity and joined-up campaign.

Does your brand need a refresh? We think you'll find our approach, er, refreshing. Drop by, tell us what you're thinking and we'll unleash our creative beast.

nettl:exhibit

We'llhelpyoumakeaproperexhibition of yourself

Sometimes it's not just what you say, it's how you look when you're saying it. Our new Exhibit range gives you the tools to emphasise your message. For the first time, create enormous eye-catching displays... without the eye-watering price tag.

Exhibitions

Events vary in size so our exhibition options do too. Got a sales meeting and need a backdrop to set the scene? Fabric Displays are made up of two main components — a strong, lightweight, tubular aluminium frame and a printed fabric cover.

These 'next generation' displays deliver maximum impact and completely eliminate the problem of visible join lines on larger displays. If you need assistance planning something bigger, just ask.

Signage

We make big outdoor banners and massive feather flags for external attraction.

We've invested in the very latest, high-end, direct-to-fabric printing technology. Our production hub employs talented seamstresses and technicians, ready and skilled to turn your ideas into a fabric reality.

Seeing is believing. Drop by your local Nettl studio to goggle at the samples and talk through options. Make the most of your next exhibition.

nettl:cloud

Our cloud-based hosting is industrial-grade so your site can scale as your business grows

Your Nettl website, web shop or application will be deployed into our cloud platform powered by AWS. This uses the same proven infrastructure that runs famous names like Netflix, Pinterest, Expedia and Amazon.

We believe in keeping things simple, so depending on what type of website we build for you, we'll suggest a suitable hosting package. This makes it easy to budget what you'll be spending each month with no unexpected surprises.

Scales With You

As your business grows and you gain more traffic to your site, we'll work with you to scale your computing power. Maybe you'll expand internationally and want additional hosting in a country closer to your customers. Your Nettl hosting is built to scale with you.

	Starter	Business	Commercial
	Light user	Moderate user	Heavy User
	5	25	100
	0.05	0.2	0.5
	401	1025	3072

Monthly charge	\$28	\$45	\$75

Prices exclude AST. Hosting subject to our terms and conditions.

High Availability

It's vital your site is always online so we've built high availability into our infrastructure, keeping downtime to a minimum. If your site absolutely must be online 100% of the time, talk to us about simultaneously hosting in multiple locations with elastic load-balancing.

Avoid Disasters

You don't need to worry about disaster recovery. With Nettl, it's built-in and automatic. In the unlikely event of hardware failure, another server or data centre will take over. Backups are all part of the service too so you can rollback if you need to, when you need to.

nettl:concierge

Whateveryouneed, wheneveryou need it, we're here for you

Getting your site launched is just the beginning. To generate traffic, make the most from analytic tools and keep your site fresh requires commitment and a range of different skills. If you prefer, you can pay-as-you-go when you need us – ask for our rate card.

Or, with Nettl:concierge, our team is your team. Rather than paying by the hour to make small changes, or per incident for support, Nettl:concierge gives you priority access when you need us for a low flat monthly retainer.

Tell us what you'd like assistance with and we'll tailor a plan to suit. **Nettl:concierge** plans start at just \$39 per month and scale with you, as you need us. We'll review your plan periodically to ensure we continue to deliver value.

Google Partner

Prices are for indicative purposes only, exclude VAT and are subject to our terms and conditions. Please ask for a full written quotation

:concierge [CARE

Maintaining, changing and updating your website is a key part of future proofing. We can help manage your site on an ongoing basis to make sure that it stays relevant and moves with the technological advances online.

:concierge [OPTIMISER

Everyone wants to be number one on Google. The starting point is all about having a well-structured site with relevant content. With [OPTIMISER, our marketers will help identify keywords and assess your content to maximise your chances of being ranked. from \$250 per month

:concierge [MENTOR

Your site will be built on a popular platform and come with an admin area to manage it. We're happy to recommend tutorials or books if you'd like to learn how to get the most from it yourself. Or, with [MENTOR, our trainers can provide one-to-one or group training, either at your premises or ours.

from \$99 per month

:concierge [SOCIALISER

Need help setting up a Facebook page, Twitter profile or LinkedIn account? Let us do it or show you how. With [SOCIALISER, our copywriters can tweet and post regular status updates throughout the month to drive traffic to your site.
